DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of claims 1-10 in the reply filed on 04 August 2008 is acknowledged.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 6-10 are rejected under 35 U.S.C. 102(b) as being anticipated by Bosak.

There is disclosed in Bosak a coffee brewing and dispensing device, comprising: a roaster 28; a grinder 70 coupled to the roaster; a brewer 80 coupled to the grinder; a transport device 50, 52, 59, 63, 64 coupling the roaster and the grinder, the transport device having means 59, 64 for propelling coffee beans between the roaster and grinder; and control means including a user interface 120.

Allowable Subject Matter

Claims 2-5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
